Decision Granting Petition to Make Special Under the Streamlined Claim Set Pilot Program	**Application No.** 19/347,690	**Applicant(s)** Wakeham et al.	
	Examiner DOCKET CENTRAL	**Art Unit** OPAP	**AIA (FITF) Status** Yes

1. THE PETITION FILED 28 October 2025 IS **GRANTED**.

   The above-identified application has met the requirements for the Streamlined Claim Set Pilot Program.

2. **The above-identified application is accepted into the Streamlined Claim Set Pilot Program and will receive special status until a first Office action is issued**

3. During the remainder of pendency of the application, the applicant's replies to Office actions must be fully responsive to the rejections, objections, and requirements made by the examiner. Any amendment filed in reply to an Office action may be treated as not fully responsive if it attempts to: (1) add claims that would result in more than one independent claim and/or more than ten total claims pending in the application; (2) add any multiple dependent claim(s); or (3) present a claim, other than the independent claim, that does not comply with the dependency format set forth in the 2025 Federal Register notice titled Streamlined Claim Set Pilot Program, available at https://www.uspto.gov/patents/laws/patent-related-notices/patent-related-notices-2025.

   The examiner may refuse entry of any amendment that, if entered, would result in a set of pending claims with more than one independent claim, more than ten total claims, or a multiple dependent claim. The examiner may also refuse entry of any amendment that would result in a claim other than the independent claim being noncompliant with the required dependency format.

   If a reply to a nonfinal Office action is not fully responsive because it does not comply with the pilot program's claim requirements but is a *bona fide* attempt to advance the application to final action, the examiner may, at the examiner's discretion, provide a **shortened statutory period of two months** for the applicant to supply a fully responsive reply. Extensions of this time period under 37 CFR 1.136(a) to the notice of nonresponsive amendment will be permitted, but in no case can any extension carry the date for reply to this notice beyond the **maximum period of SIX MONTHS** set by statute (35 U.S.C. 133). However , any further nonresponsive amendment typically will not be treated as *bona fide*, and therefore, the time period set in the prior notice will continue to run.
